

Environmental Policy Statement

2023 – 2024 Edition

JC Metalworks Limited is proud of its environmental efforts. As a Company we are committed to protecting the environment and supporting sustainable development by conducting our business in an environmentally responsible manner throughout all aspects of the business.

We aim to continually improve our environmental performance and minimise the impact of our operation whilst considering the global concerns with regards to climate change.

For this to be accomplished we will comply fully with all applicable laws, regulations, and approved codes of practice by endeavouring to integrate environmental considerations in all aspects of the business operation.

- Adopt and aim to apply the principles of “sustainable development” – that is, development that meets the needs of the present, without compromising the abilities of future generations to meet their own needs.
- Seek to improve its environmental performance continuously.
- Foster the commitment of all management and employees to improving the environmental performance of the business.
- Monitor and comply with all applicable governmental and local authority legislative and regulatory environmental requirements.
- Take responsibility for the disposal, and wherever practicable, the recycling of metal swarf and packaging materials.
- Aim to minimise the use of all materials, supplies and energy. Wherever possible we will use recyclable materials and components.
- Encourage similar environmental standards to our own from all third parties involved with our business – suppliers, vendors, and contractors.
- Assist our customers to use our products and services in an environmentally sensitive way.
- Include environmental considerations in investment decisions.
- Assist in developing economically viable solutions to environmental problems in our industry.

Signed 

Jason Chauhan
Managing Director
