

Environmental Policy

2026 Edition

1. Purpose and Commitment

At **JC Metalworks Ltd**, we recognise our responsibility to protect the environment and to operate sustainably in all aspects of our precision metal fabrication business. We are committed to minimising our environmental impact, preventing pollution, and continually improving our environmental performance as part of our long-term sustainability strategy.

2. Our Environmental Objectives

To achieve our environmental commitments, JC Metalworks will:

- Comply with all relevant **environmental legislation, regulations, and standards**, including the requirements of **ISO 14001:2015**.
- **Reduce carbon emissions** across all operations through energy efficiency, process optimisation, and responsible material use.
- Commit to achieving **net zero carbon emissions by 2040**, with measurable annual reduction targets and transparent reporting of progress.
- Minimise waste by maximising recycling, reusing materials where possible, and working with suppliers who share our sustainability goals.
- Prevent pollution through effective management of waste, chemicals, and emissions.
- Promote environmental awareness and accountability among all employees, contractors, and business partners.
- Engage with customers to develop innovative, environmentally friendly manufacturing solutions.

3. Responsibilities

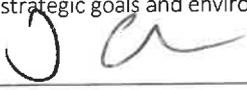

- **Senior Management** is responsible for implementing, maintaining, and reviewing the Environmental Management System (EMS) and ensuring the company meets its environmental objectives.
- **Employees and Contractors** must follow environmental procedures, report risks or incidents promptly, and actively contribute to achieving our sustainability goals.
- **Suppliers and Partners** are expected to adhere to JC Metalworks' environmental standards and support our carbon reduction initiatives.

4. Continuous Improvement

We are committed to continually improving our environmental performance through regular audits, reviews, and performance monitoring. We will set and track measurable environmental and carbon reduction targets to ensure meaningful progress towards our net zero commitment.

5. Policy Review

This Environmental Policy will be reviewed annually to ensure its ongoing relevance, effectiveness, and alignment with JC Metalworks' strategic goals and environmental responsibilities.
